

- ♥ This directory is provided as a courtesy by the Mid-Hudson Lactation Consortium, a coalition of agencies and individuals dedicated to the promotion of breastfeeding as the “Gold Standard of Infant Nutrition.”
- ♥ All phone numbers are in the 845 area code, unless otherwise stated.
- ♥ La Leche League meetings and their support services are free of charge. Meetings are held monthly at various locations. Pregnant women and mothers of infants and toddlers are encouraged to attend. Call a leader to get a current schedule.
- ♥ Lactation consultants and other providers may charge for their services or may have eligibility requirements.
- ♥ Inclusion in this directory does not reflect an endorsement of the services.
- ♥ Call the hospital where you gave birth, they may have a lactation consultant on staff.
- ♥ **IBCLC’s** are health care professionals certified by the International Board of Lactation Consultant Examiners. They provide education for the prevention of breastfeeding problems and assistance when challenging situations occur.

“Babies Were Born To Be Breastfed”

### **Did you know?**

- ◆ Breastfeeding protects infants from ear infections.
- ◆ Breastfeeding protects infants from diarrhea.
- ◆ Human milk enhances infants’ intellectual and neurological development.
- ◆ The American Academy of Pediatrics recommends breastfeeding for *at least* the first year of life.
- ◆ Artificial baby milk (formula) is NOT the same as human milk, and *may* be harmful to your baby.
- ◆ Human milk is simply the best nutrition for human babies!!

*For more information, or to be included as a provider in our next issue, contact Stephanie Sosnowski, MHLC coordinator, at Maternal-Infant Services Network, 845-928-7448.*
