*World Breastfeeding Week is a yearly event that takes place worldwide during the first week of August. It is sponsored by the World Alliance for Breastfeeding Action (WABA), a coalition of organizations and individuals dedicated to the promotion and support of breastfeeding. This year's theme is "Breastfeeding: A Vital Emergency Resource. Are you ready?" in recognition of the fact that during times of civil unrest, epidemics, and natural disasters, breast milk may be the only available and safe source of nutrients and hydration for infants and young children.
